

XTT - eXtensible Task Toolkit - Bug #139

RSB-Client has outdated serial on cancel

2013-01-28 16:54 - Maikel Linke

Status:	New	Start date:	2013-01-28
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Description			
Task is submitted, not accepted by any task server and then canceled:			
<pre>final TaskBus<Document> bus = TaskBusFactory.createClientBus(channel, taskName, Document.class); final TaskSubmissionService<Document> tsm = new TaskSubmissionService<Document>(bus); final CancellableTask<Document> task = tsm.submit(spec); task.cancel(true);</pre>			
Results in:			
<pre>de.unibi.agai.xtt.Task isSerialOutdated WARNING: Serial unexpected, new (1) == current (1). Spec: de.unibi.agai.xtt.eb.rsb.RSBEvent@75479a</pre>
