

Image Component Library - Bug #14

ViewBasedTemplate Matcher and/or interactive-template-matching-demo not working

2011-05-06 16:33 - Christof Elbrechter

Status:	Closed	Start date:	2011-05-06
Priority:	High	Due date:	
Assignee:	Christof Elbrechter	% Done:	0%
Category:		Estimated time:	2.00 hours
Target version:			
Description			
The application produces random results. The result-buffer preview is filled with some crazy data. The last available version where this woked is ICL 5.14.0. Perhaps, this bug is caused by some external changes since the corresponding files have not changed since this version at all
