Cognitive Interaction Toolkit - Feature #199

Client-side error handling

2014-01-27 11:31 - Johannes Wienke

Status:	New	**Start date:**	2014-01-27
Priority:	Normal	**Due date:**	
Assignee:		**% Done:**	0%
Category:	REST Client	**Estimated time:**	0.00 hour
Target version:		**Spent time:**	0.00 hour
Description			
Clients of the rest client should be able to handle request errors on their own instead of being exited.
