

Cognitive Interaction Toolkit - Bug #272

CITK Tutorials / Installing a Distribution

2014-06-13 15:32 - René Zorn

Status:	Closed	Start date:	2014-06-13
Priority:	Normal	Due date:	
Assignee:	Florian Lier	% Done:	0%
Category:	build-generator	Estimated time:	0.00 hour
Target version:		Spent time:	0.10 hour
Description			
when starting the job-configurator to create all necessary build jobs for the desired distribution of choice (in my case: lsp-csra) the build-generator does not start. the following message occurs:			
"job-configurator: no such file or directory"			
OS: ubuntu trusty 64bit			
working patch:			
<ul style="list-style-type: none">• download and install debian build-generator package from https://ci.cor-lab.org/job/build-generator-0.2/label=ubuntu_trusty_64bit/			

History

#1 - 2014-06-20 14:25 - Florian Lier

As soon as the build-gen aka Jenkins.tar.gz is built on the ci server it gets automatically deployed on the toolkit.cit-ec... catalog server. No need to visit the ci server
