Cognitive Interaction Toolkit - Support #317

Manually trigger build by mouse click --> Build with parameters, there are no paramters

2014-10-30 00:49 - Florian Lier

Status:	Closed		**Start date:**	2014-10-30

Target version:	Toolkit 0.1		**Spent time:**	0.50 hour

Description

At some point we should fix the manual build trigger which needs another "mouse click" because build with parameters appears in the Jenkins GUI. This is not crucial but I just wanted to note this...

removed parametrized from tags, fixes #317

History

#1 - 2014-10-30 10:51 - Sebastian Meyer zu Borgsen

This seems to happen only for maven projects.
I think if we just remove "parametrized" from the tags in the T200-maven.template this would be fixed?

#2 - 2014-10-30 10:52 - Florian Lier

No...this is also the case for python projects, i.e., pyscxml
