Finite State Machine Based Testing - Bug #407

Parallel component hangs and produces no output

2015-03-26 11:39 - Christian Mertes

Status:	New		Start date:	2015-03-26
Priority:	Normal		Due date:	
Assignee:	Florian Lier		% Done:	0%
Category:			Estimated time:	0.00 hour
Target version:			Spent time:	0.00 hour
Description				

The attached ini file should execute wardrobeintest and wardrobeouttest simultaneously. wardrobeouttest is executed and terminates normally but wardrobeintest produces no output and is not terminated after the tests succeed.
